Il simbolo sul prodotto o sulla confezione indica che il prodotto non deve essere considerato come un normale rifiuto domestico, ma deve essere portato nel punto di raccolta appropriato per il riciclaggio di apparecchiature elettriche ed elettroniche. Provvedendo a smaltire questo prodotto in modo appropriato, si contribuisce a evitare potenziali conseguenze negative per l'ambiente e per la salute, che potrebbero derivare da uno smaltimento inadeguato del prodotto. Per informazioni più dettagliate sul riciclaggio di questo prodotto, contattare l'ufficio comunale, il servizio locale di smaltimento rifiuti o il negozio in cui è stato acquistato il prodotto. Questo elettrodomestico è marcato conformemente alla Direttiva Europea 2012/19/EC sui rifiuti da apparecchiature elettriche ed elettroniche (WEEE).

(GB)

The symbol on the product or on its packaging indicates that this product may not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. For more detailed information about recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product. This appliance is marked according to the European directive 2012/19/EC on waste electrical and electronic equipment (WEEE).

(F)

Le symbole sur le produit ou son emballage indique que ce produit ne peut être traité comme déchet ménager. Il doit plutôt être remis au point de ramassage concerné, se chargeant du recyclage du matériel électrique et électronique. En vous assurant que ce produit est éliminé correctement, vous favorisez la prévention des conséquences négatives pour l'environnement et la santé humaine qui, sinon, seraient le résultat d'un traitement inapproprié des déchets de ce produit. Pour obtenir plus de détails sur le recyclage de ce produit, veuillez prendre contact avec le bureau municipal de votre région, votre service d'élimination des déchets ménagers ou le magasin où vous avez acheté le produit. Cet appareil est commercialisé en accord avec la directive européenne 2012/19/EC sur les déchets des équipements électriques et électroniques (WEEE).

(E)

El símbolo en el producto o en su embalaje indica que este producto no se puede tratar como desperdicios normales del hogar. Este producto se debe entregar al punto de recolección de equipos eléctricos y electrónicos para reciclaje. Al asegurarse de que este producto se desecha correctamente, usted ayudará a evitar posibles consecuencias negativas para el ambiente y la salud pública, lo cual podría ocurrir si este producto no se manipula de forma adecuada. Para obtener información más detallada sobre el reciclaje de este producto, póngase en contacto con la administración de su ciudad, con su servicio de desechos del hogar o con la tienda donde compró el producto. Este electrodoméstico está marcado conforme a la directiva Europea 2012/19/EC sobre los residuos de aparatos eléctricos y electrónicos (WEEE).

(D)

Das Symbol auf dem Produkt oder seiner Verpackung weist darauf hin, dass dieses Produkt nicht als normaler Haushaltsabfall zu behandeln ist, sondern an einem Sammelpunkt für das Recycling von elektrischen und elektronischen Geräten abgegeben werden muss. Durch Ihren Beitrag zum korrekten Entsorgen dieses Produkts schützen Sie die Umwelt und die Gesundheit Ihrer Mitmenschen. Umwelt und Gesundheit werden durch falsches Entsorgen gefährdet. Weitere Informationen über das Recycling dieses Produkts erhalten Sie von Ihrem Rathaus, Ihrer Müllabfuhr oder dem Geschäft, in dem Sie das Produkt gekauft haben. Dieses Elektrohaushaltsgerät ist entsprechend der EU-Richtlinie 2012/19/EC Über Elektro- und Elektronik - Altgeräte (WEEE).

(NL)

Het symbool op het product of op de verpakking wijst erop dat dit product niet als huishoudafval mag worden behandeld. Het moet echter naar een plaats worden gebracht waar elektrische en elektronische apparatuur wordt gerecycled. Als u ervoor zorgt dat dit product op de correcte manier wordt verwijderd, voorkomt u mogelijk voor mens en milieu negatieve gevolgen die zich zouden kunnen voordoen in geval van verkeerde afvalbehandeling. Voor meer details in verband met het recyclen van dit product, neemt u het best contact op met de gemeentelijke instanties, het bedrijf of de dienst belast met de verwijdering van huishoudafval of de winkel waar u het product hebt gekocht. Dit apparaat voldoet aan de Europese richtlijnen 2012/19/EC voor elektrische en elektronische afval (WEEE).

Maintenance

WARNINGS

The cooker surface and the inferior part of the cooker hood must be at a minimum distance of 65 cm.

* The appliance is not intended for use by young children or infirm persons without supervision. Young children should be supervised to ensure they do not play with the appliance.

* When performing the electrical connections on the appliance, please make sure that them current-tap is provided with earth connection and that voltage values correspond to those indicated on the rating label placed inside the appliance itself.

* Please disconnect the appliance from power mains, before carrying out any cleaning or maintenance operation. If the appliance is not equipped with a non-separable flexible cable and plug, or with another device ensuring omnipolar disconnection from the mains, with an opening distance between the contacts of at least 3 mm, then such disconnecting devices must be provided in the fixed installation. If the appliance is equipped with a power cord and a plug, it shall be placed in such a way that the plug can be reached easily.

* The use of materials which can burst into flames should be avoided in close proximity of the appliance. When frying, please pay particular attention to fire risk due to oil and grease. Being highly inflammable, fried oil is especially dangerous. Do not use uncovered electric grills.

In order to avoid possible fire risk, all instructions for grease filter cleaning and for removing eventual grease deposits should be strictly followed.

* Two persons are needed for the installation of this product.

USES

The appliance is suitable for recirculation only, and cannot be vented externally. In recirculation mode the air and fumes conveyed by the appliance are cleaned both by a grease filter and by an active coal filter, and put again into circulation.

TECHNICAL SKETCH

INSTALLATION

At the beginning make sure that the package is intact and all the parts are unbroken, otherwise stop the installation and contact the dealer. **The manufacturer is not responsible for damages caused by material handling or product installation. Before installing the appliance read all these instructions carefully.**

Extract the product from the packaging and lay it on a suitable place, a soft material such as sponge or fabric should be used to place the product on it.

Take the mounting plate out of the packaging (fig.1); to install the hood, position it in the desired place of the ceiling, making sure the centre of the plate is aligned with the centre of the hob.

Check that the ceiling structure is suitable to bear the weight of the appliance. Mark the holes to be drilled at the smaller openings of the plate (fig.2).

Drill the holes using an 8mm diameter twist drill.

Fix the plate to the ceiling, by using the plastic dowels and the screws supplied with the appliance.

Take the ceiling plate cover out of the packaging and then introduce the power cord and the three steel wires into the holes (fig.3). Place the appliance close to the ceiling plate, and then insert the steel wires into the specific supports, as shown in fig. 4. Adjust the hood desired height, paying attention to keeping the appliance perfectly in line with the floor by sliding the steel wire inside the support ; you will need to loosen and push the support in order to allow the wire to slide, see fig. 5.

Secure the steel wires by tightening the support and screwing it as shown in fig.6.

Use some clamps in order to further secure the steel wire, see fig. 7.

Perform the electrical connection.

Place the ceiling plate cover in such a way as to hide the plate previously mounted, then secure it by using the three screws provided (fig.8).

WORKING

Remote control (Fig.11)

channel radio control for cooker hood remote.

At first ignition, keep pressed the lighting button for 5 seconds.

RC001

RADIO CONTROL

Radio control used for the remote operation of ducted cooker hoods.

TECHNICAL DATA

- Alkaline battery powered: 12 V mod. 23 A
- Operating frequency: 433.92 Mhz
- Combinations: 32.768
- Max. consumption: 25 mA
- Operating temperature: $-20 \div + 55$ °C
- Dimensions: 120 x 45 x 15 mm.

OPERATING DESCRIPTION

The transmitter is equipped with 5 buttons for cooker hood management, as specified below:

☀ : Light ON/OFF command.

⏻ : Motor ON (speed level 1) / OFF command.

— : Reduce speed.

⊕ : Increase speed.

⌚ : 10-minute timer.

INITIAL OPERATING CONDITION

The manufacturer supplies the radio control unit ready to be used with codes preset in the Factory

OPERATION MODE

Standard configuration:

Standard configuration requires all "cooker hoods radio control system" to be provided with the same transmission code. In the event two cooker hoods radio control system are installed in the same room or nearby, each system may affect the operation of the another. Therefore, the code of one radio control system must be changed.

Generating a new transmission code:

The radio control system is provided with preset codes. Should new codes be required, proceed as follows: Press simultaneously buttons:

for two seconds. When LEDs light on, press buttons:

(within 5 seconds). LEDs flashing 3 times indicate the procedure is completed.

WARNING! This operation deletes permanently the preset codes.

Learning the new transmission code.

Once the transmission code is changed in the radio control unit, the electronic central unit of the cooker hood must be made to set the new code in the following way: Press the main power-off button of the hood and then restore power to the electronic control unit. Within the next 15 seconds, press the Light Button  to synchronise the central unit with the code.

Reset of the Factory configuration:

To restore the Factory configuration, follow the procedure described below: press simultaneously buttons:

for 2 seconds. When LEDs light on, press buttons:

(within 5 seconds). LEDs flashing 6 times indicate the procedure is completed.

WARNING! This operation deletes permanently the preset codes.

Emergency button:

In the event that the radio control does not work, use the emergency button to switch the appliance off. After any necessary repairs have been performed, reset the emergency button.

WARNING

The battery should be replaced every year to guarantee the optimal range of the transmitter.

To replace the exhausted battery, take the plastic lid off, remove the battery and replace it with a new one, observing the correct battery polarities.

Used batteries should be discarded in special collection bins.

The below product:

RC001 Radiio Controll

complies with the specifications set out in the R&TTE Directive 99/5/EC.

WARNING

Any adjustments or modifications which have not been expressly approved by the holder of the legal conformity certificate may invalidate the user's rights relating to the operation of the device.

Rev. 0 26/08/14

The products are endowed with an electronic device which allows the automatic switching off after 4 hours working from the last operation.

TIMING

As a result of the new EU65 “Energy label” and EU66 “ Ecodesign” regulations issued by the European Commission, which came into force as from January 1st, 2015 , our products have been adapted to comply with these new requirements.

All of the models complying with the energy label requirements, are equipped with new electronics including a timer device for suction speeds control, when the air capacity exceeds 650m³/h.

Internal motor models, with maximum air capacity higher than 650m³/h, are equipped with a timer device that automatically switches the suction speed from 4th to 3rd speed, after 5 minutes operation.

External motor models are equipped with remote motors that , as for internal motor versions, include a timer device that switches down the suction speed when it exceeds 650 m³/h. (See External Motors Instructions).

Remote motors, whose air capacity exceeds 650m³/h at both 4th and 3rd speed, will have the following by default timer control functions: The suction speed is automatically switched from 4th to 2nd speed, after 6 minutes operation.

If the appliance is working at 3rd speed, it is automatically switched to 2nd speed, after 7 minutes operation. Operation speeds can also be changed during operation.

The energy consumption of the appliance in standby mode is lower than 0.5W.

MAINTENANCE

An accurate maintenance guarantees good functioning and long-lasting performance. * Particular care is due to the grease filter. Rotate the lower panel of the appliance by pulling the side knob (see fig. 10). Remove the grease filter by acting on the side handle. After cleaning or replacement operations refit the grease filter and close the lower panel previously opened.

The active charcoal filter used in these hoods can be washed and re-used for up to a maximum 3 years. We recommend that these are replaced during this period.

To purchase replacement charcoal filters please visit www.caple.co.uk or call 0117 938 1900.

To wash the charcoal filters, wash by hand with warm water or in the dishwasher, and then bake in the oven at 90 degrees for 1 hour.

To clean the appliance itself tepid wa-ter and neutral detergent are recommended, while abrasive products should be avoided.

The power cord must be replaced only by qualified person.

Fluorescent circular lamp replacement

Rotate the lower panel of the appliance by pulling the side knob (see fig. 9–10). Remove the screws found on the panel and open it; replace the fluorescent lamp and then refit the panel.
