REGINOX

HAMPTON

Following on from our incredibly successful Harlem range, Reginox has introduced a new range called Hampton. This collection takes on all the strengths of the original Harlem range whilst also incorporating a new and improved material finish with a slightly revised, updated drainer profile. The new material used on the Hampton range has a more natural feel and textured finish, giving the appearance and touch of a durable product at an affordable price. Hampton is available in both single bowl and bowl and a half configurations, exclusively available in black, grey, white and cream. This range of course still carries the well recognised and trusted Reginox brand and comes with a market conforming guarantee across all manufacturing defects.
