With the Franke Urban coloured sink you won't need to ask for help with the washing-up. It's so convenient and even fun to work in and around these stylish sinks that your guests or family members will happily ignore the dishwasher and volunteer to wash the dishes by hand. At least they will enjoy the look and feel of a modern and functional sink while using it.

These ultra-modern sinks are made of Fraganite, an extremely solid and easy-to-clean material consisting of 83 percent quartz and 17 percent acrylic resin. The colour is thermochemical bonded to the quartz particles, so it looks new and untouched for ever.

Franke Urban sinks come in various bowl sizes, designed to be installed as a bold inset and has an optional Strainer Bowl available. The wide choice of colours, means you can easily match the sink with the rest of your kitchen.
