

Technical Specification Sheet

Attenzi / Tribezi Tank

3 in 1 Boiling Hot Water Tank

Additional Features/Benefits

6 Preset Temperatures on tank - 98 Degrees Max, 97 / 95 / 90 / 85 and 75 degrees

Suitable for all plumbing systems

Eco mode and Filter reminder

Warranty

2 years manufacturing on tank, 6 months on Filter (Filter must be changed every 3-6 months to ensure this doesn't invalidate warranty on tank) **Customers must register the warranty as per the info on the tank / card**

Care & Maintenance

Reginox recommends cleaning your tap regularly with non-abrasive cleaners. Warm, soapy water would be best.

Height (mm)	263
Width (mm)	172
Length (mm)	252

Tank Info

1.5Kw element- 3L Tank Capacity	Filter Change reminder and Eco Mode.
---------------------------------	--------------------------------------

Improved insulation for better thermal energy saving properties and less boiling noise.

Additional Improvements

Filter has had a higher phosphate level added to help improve slightly the water quality going to the tank, the filter will help against hard water / LimeScale but will not stop it!

Improved Thermistor manufactured using titanium, helping lower lime scale build up.

Universal Quick Fit Connections on tank make it even simpler to install
